## 12 DAYS OF DISNEY PAPER PARKS

Sheet Numbers: 1, 2, 3, 4

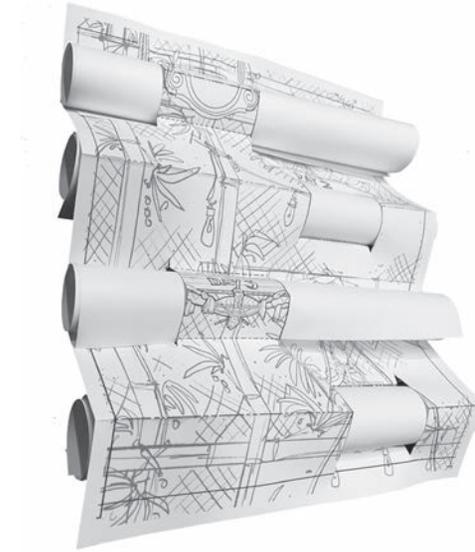

### HISTORY

The winter holiday season is well underway in Disney Parks and Resorts around the world. We invite you to bring the Disney holiday spirit into your home with 12 Days of Disney Paper Parks!

Each day, you can build your own paper ornaments of your favorite attractions and iconic locations from the parks. Paying homage to the original lands of Disneyland® Park, you'll find icons from Adventureland, Frontierland, Fantasyland and Tomorrowland.

As a bonus, keep a look out for fully drawn themed sheets to use as wrapping paper, too!

### GUIDE

#### Lines

- ..... Mountain fold, fold behind
- Cut
- ..... X-ray or guide line.

#### Arrows

-  Fold in this direction.
-  Fold behind.
-  Unfold.
-  Fold and unfold.
-  Turn over.

1. Sheets 1 - 4: Color however you'd like!
2. Carefully follow the fold lines. Notice the long lines alternate between mountain and valley folds. When you fold, cut the solid lines where indicated to create slits.
3. After the slits are cut, reverse the fold on that piece to make it pop in and out. This will create pockets for the ornament and wrapping paper pages.
4. Each sheet will have numbers. Roll up the ornament sheets and place them in their corresponding pocket.
5. You may use string, brads, scissors, tape, or clips to attach the 4 sheets together to hang, or leave them to stand individually. It's up to you. Each sheet will carry 3 ornament pages and 1 wrapping paper sheet.

Please Note: When cutting with scissors and working with any of the materials listed above, adult participation and supervision is recommended.
